lake. In the drought areas.

Timely Hints From the Beaverlodge Sub-Station

By W. D. Albright

"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

Hand weeding of grain fields is expensive but often pays.

The longer the fields are worked the more readily they rot.

Wind, wireworms and drought have lately thinned many a field this year.

The first step towards finding a better market for seed grain is to grow cleaner seed.

Between now and June and what we think we know is often a wide gap. Inexperience underestimates the gap.

It is a good thing to be able to say of any man that he left the world better than he found it.

As steel sharpened steel, so mind stimulates mind. Alone we grow dull and rusty. We need to mix, fraternize, exchange views and compare notes.

Orthodox estimates of the rainfall that is required to produce paying grain crops do not hold true in the Peace, where evaporation is moderate and summer temperatures not extreme.

To Peace River Farmers

A STITCH IN TIME

Saves Nine!

Now is the time for aggressive action to control weeds in the Peace River country.

Keep Your Farm Clean With The Mills Wire Weeder

The only implement that puts the weeds on top.

THE MILLS WIRE WEEDER IS ON DISPLAY AT THE FOLLOWING PEACE RIVER DEALERS:

Grande Prairie—C. J. Stiles

Fairview—Northern Hardware Co.

Dawson Creek—J. D. McEachern

They will be glad to arrange a demonstration on your farm.

Farewell Service Held At DeBolt United Church

DEBOLT, June 25.—In fair weather and cold weather (Rev. R. H. Hunt has tried to conduct service at DeBolt United Church during the winter months, and a good congregation greeted him on Sunday evening last when it was known he was anxious to meet with the people for the last service he will hold here for some time. Mr. Hunt will be leaving for his new charge, Crossfield, Alberta, about the end of the month. He thanked the people of DeBolt for the service in the manner in which they received Mr. Hicks amongst them and on behalf of Mr. Hicks asked for their continued support.

W. G. Clouston conveyed to Mr. Hunt the appreciation of the people for his service at all times, wishing him, his wife and family much happiness in their new charge.

Mr. Hunt said he had spent seven years in the north country and would have continued but his new charge was a challenge to him to accept of a higher standard of education.

Mr. D. D. McArthur and Mrs. L. McArthur sang a solo.

The sermon was all that could be desired and some twenty-three people present of the congregation.

The congregation was a very large one, considering many of the people of the district had come to the church for the weather and went to Sturgeon Lake.

Mr. Hunt promised he would come back some day.

A number of the friends retired to the Manor and a social hour with Mr. and Mrs. Hunt. Mr. Hicks proved himself to be a very good host, and anyone who says he can't make coffee, well, they just don't know what they are talking about.

Mr. Hicks is still drawing good congregations, and his sermons are much appreciated. He is planning a movie picture show in the near future, of local and other views which he has taken with his movie camera.

The day schools will be closed at the end of the month and the teachers will be going home for their holidays, and the morning Sunday school will miss Mr. Hunt's presence.

The Sunday school meets every Sunday morning at 10 o'clock followed by church service at 11 a.m.

International Scout Commissioner, the Spanish Chief Scout, writing from Madrid, reports that he is helping the wounded, serving in the hospitals, looking after lost and orphaned children, and turning out the equipment for the use of refugees and otherwise "doing everything" in their power to put into practice their Scout Promise to do their duty to their country and help other people at all times.

A Scout Mideasman as Much News as a Man Biting a Dog

Just as it is "news when a man bites a dog," so it is "news" when a Scout is found guilty of a crime.

Chadburn, Ontario, addressing the Scouts of Hamilton, the magistrate stated that during his years of law he had never had a Scout before him charged with a misdemeanor.

A Boy Scout Would Have Saved Him

A northern Ontario country boy accidentally wounded by gunshot tried to reach his home by the back of a bush.

He applied a tourniquet. The average Boy Scout knows all about such first aid.

He turned on the lights and found his Scout. The Scout was in a position to provide the necessary training. — Post-Examiner.

For Scout Cheerfulness Under Long Suffering

Outstanding courage and cheerfulness under continued suffering, plus other evidence of high character, and uninterupted progress in Scout work, have earned for two more Canadian boys in hospital Scotland's highest decoration, the Cornet Badge.

The award went to King's Scout Alan Chase of the Robert Louis Stephenson Troop of the Thirteenth camp of the 5th Children's Hospital, Toronto, in recognition of courageous cheerfulness over a long period despite the daily dressing of a painful wound, his uninterupted progress in Scout work, and his desire to help other boys in his ward. King's Scout Buckwell Graham of the 14th Ottawa C.R. Andrews' Troop, an amputee, was suddenly stricken with tuberculosis of the

lungs.

Scouts Also Good Business Men

When presented with an old brick corner building for a club house, the condition that they remove it, the City of Toronto, Ontario, quickly negotiated sale of the bricks and at once began stripping them off.

Scouts Raise and Lower the Town Flag

Presenting to the Hamilton, Ontario, town council the large Union Jack annually given the town by the local chapter of the L.O.R.E., the Regent, Ontario, said a salute to the loyal services of the Boy Scouts, who for some years have carried out the duty of raising and lowering the flag.

Unintended Signals of Distress

A widespread activity of Boy Scouts during preparations for the Coronation celebration was the informing of business firms and private homes that their Union Jacks were flying at half-mast.

In other words, were upside down. Except in rare cases the boys were thanked and the flags corrected. It was said Toronto Scouts counted one hundred incorrectly hung flags on one street.

Boy Scouts of Spain Continue to Do Their Good Turns

MILLS WIRE WEEDER IN ACTION

This weeder is being introduced into the Peace River by C. J. Stiles, Grande Prairie, Northern Hardware Co., Fairview, and J. D. McEachern, Dawson Creek, who will gladly give information of this modern weeder.

Four well-known causes are recognized, viz:

(a) The lethal effect of dry cold upon stem and root tissues.

(b) Disease organisms.

(c) Smothering by ice, by flooding or by too heavy a top growth.

(d) Leaving by alternate thawing and freezing in the spring.

The winter wheat plant does not ordinarily die in the autumn. It passes into a state of semi-dormancy or largely suspended activity. The hardening-off process occurs in autumn, when the temperatures drop close to freezing. It is thought to commence when temperatures of 40° F. or lower are experienced by the plants.

Certain changes take place in the plant cells which enable them to resist considerable cold, but as with certain plant species, there is a limit with respect to intensity and duration. Some varieties of winter wheat seem unable to harden off the winter resistance to cold and seem to lack resistance to the effect of alternating spring temperatures.

Kharkov 22 is the hardest good quality variety of winter wheat among many tested at Beaverlodge.

Snow is a wonderful protector from extreme temperatures, but when intense weather coincides with bare ground trouble is to be expected. In Alberta, winter-killing is commonest on the exposed knolls.

Root rot and other disease organisms are ordinarily present and when the plant's vigor is depleted they seem to improve their opportunity. Thus winter-killing and some form of root rot or other disease are often associated.

Slow respiration should go on throughout the winter. As ice coat lying close to the crown cuts off the oxygen supply, so does inundation. Even on ice crust on the snow is dangerous, hence cattle are sometimes turned into a field to break the crust by their trampling.

In humid climates spring frosts often leave the plants, breaking the roots or at least leaving the crowns protruding with the upper root system exposed. This particular trouble is uncommon in the Peace.

In an early issue a Nampa farmer's very interesting experience with winter wheat will be published.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

CONQUEST OF TYPHOID FEVER

Typhoid fever is a preventable disease. Its history in this and other countries shows that it can be stamped out. Its average duration being eight weeks, the elimination of typhoid would be a great economic saving.

How can the disease be prevented?

1. By the use of pure water, pasteurized milk from well maintained dairies and the use of clean food.

2. By vaccination of yourself and members of your family against typhoid.

3. By having all cases reported at once to the health authorities so that necessary steps against the infection of others may be taken.

4. By the immediate disinfection and removal of the discharges of persons ill of typhoid and their disposal in such a way that they cannot infect food or water.

5. By keeping flies away from food.

A friend's young daughter had just been selected as one of the representatives of her school at the Coronation. Her father, who to the value of prevention was on his way to the department when the writer met him. He was seeking a supply of typhoid vaccine to have administered to his daughter before she began her journey. Such a vaccination ordinarily protects the individual against the disease for from two to three years. As it is made from dead typhoid germs, it is harmless and a valuable measure of prevention. Typhoid fever was rarer in the Canadian forces during the war than in the civil population at home, because

the soldiers were vaccinated against the infection.

The discharges from a typhoid patient, if not carefully disposed of, may reach the local water supply and carry the disease to users of the water. Milk may be infected from a similar source. Files may carry the germs to one's food. Certain persons, apparently quite well, carry the germs of typhoid in their intestines or urinary tract for a long time and many cases of the fever occur through the unwashed hands of such persons. Such are called "typhoid carriers" and should be under the supervision of the health officer, for in the capacity of cooks, waiters and the like, they form a distinct menace to the public health.

DIABETES

The human machine is a sort of furnace. Human beings are the eaters. Food is the fuel.

Sometimes the wrong fuel or an excess of fuel is used. Certain diseases result from the mis-use of the fuel or of using some of the wrong fuel. Sometimes the machine breaks down and cannot burn even the best of fuel.

Diabetes is a disease in which there is improper burning of the fuel supplied as food.

In addition to water, foods are of three classes: the proteins such as lean meat, and the white of egg, fats, such as exist in butter, cream, nuts, yolk of egg and the fat of meat, carbohydrates, including starches and sugars. The latter are found in bread and cereals. In vegetables such as potatoes and turnips.

These foods are taken into the body, through the mouth, and are broken up by the digestive juices, and the white of egg, fats, such as exist in butter, cream, nuts, yolk of egg and the fat of meat, carbohydrates, including starches and sugars. The latter are found in bread and cereals. In vegetables such as potatoes and turnips.

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURE

Victim of outbreak

Wrecking strikers' automobiles

SITUATION TENSE AFTER CLASH AT REPUBLIC PLANT

Despite a momentary lull in "hostilities," the situation at Monroe, Michigan, remained tense following the forced entry by loyal workers into the Republic Steel plant there. The plant was re-opened after police escorted non-striking workers through a picket line. Scores were injured when a small army of loyal workers and police clashed with strikers. Spontaneous outbreaks of violence followed the clash as members of the opposing factions clashed. Many were overcome by tear gas, left, and a considerable property damage was caused when automobiles of the strikers were run into the river, right, after their picket lines and auto blockade had been broken up.

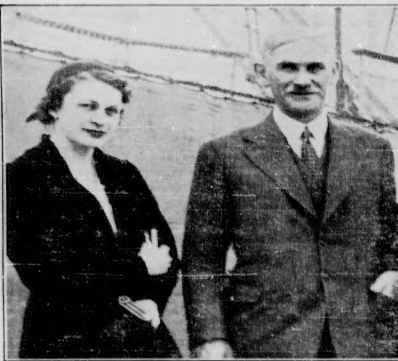

ENGLAND'S MOST PICTURESQUE VISITOR HAS FIRST FLIGHT
The Duke of Alaba, Nigeria, England's most picturesque visitor to the Coronation, is shown above alighting from a monoplane after taking his first airplane flight at the London Air Park, Harewood.

THE KENTS ATTEND THEATRICAL GARDEN PARTY

The Duke and Duchess of Kent, accompanied by Noel Coward, England's most famous young playwright and actor, arrive at the Theatrical Garden Party at Regent's Park, London.

ONTARIO CABINET MINISTER RETURNS

Withholding any comment on Ontario politics, the Hon. Peter Heenan, Provincial Minister of Lands and Forests, returned to Canada on the Empress of Britain after several weeks' absence in England. With Mr. Heenan is his daughter, Miss Gertrude Heenan.

COMES TO CANADA

Mr. M. A. G. Allen, the Duke of Windsor's personal valet, who is on route to Canada on business for the Duke.

IN EUROPE

Hon. Mr. Justice W. F. A. Targue, head of the Canadian Grain Enquiry commission, photographed as he called from Quebec to pursue his studies of the grain market situation in France, Belgium, Holland and the British Isles.

WILLIAM FULTON

Assistant general passenger agent for the Canadian Pacific Railway at Toronto since 1928, who retired June 30. One of the most popular railroad men in Canada, Mr. Fulton has a record of forty-six years with the company.

THE NEW PATRIOT

Standard-bearer for British Columbia, Eric Robertson of Vancouver, one of the youthful leaders at the Oxford Groups "New Empire" Camp at Regina, held during the past week. Determined to build a new moral and physical fitness in Canada, two hundred young men spent several days at the camp.

VETERAN JOCKEY RIDES HIS FIRST OAKS WINNER

Steve Donoghue, one of England's most famous jockeys, has ridden winning horses in practically every important race in England, but it was not until a few days ago that he could say he had ridden a winner in the Oaks Race at Epsom. Above Steve is on Exhibition, owned by Sir Victor Sassoon, returning to the scales after the race.

"QUEEN OF SONG"

Louise King, vocalist, who is being featured on musical programs presented by the Canadian Broadcasting Corporation from the Toronto studios. Miss King, ex-tenorist, is twenty-three years of age and her lovely voice, beauty and personality have made her popular with radio listeners.

ROXIE LAWSON

Two years ago Detroit picked up Lawson from Cleveland and this year he is proving his investment by being the Tigers' most successful buyer. Control and brains are Lawson's two great assets.

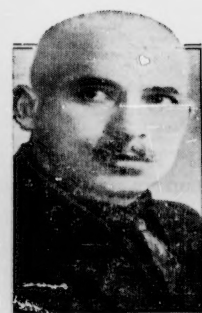

ANOTHER OF PHILADELPHIA'S YOUTHFUL PITCHERS

Almon Williams, one of Connie Mack's youngsters who helped the Philadelphia Athletics "set the world ablaze" at the beginning of the season. The team has slumped a little since the meteoric start, but the boys are still playing good ball.

"YOU APOLOGIZE!"
—Editorial, in Wilmington News.

PURGE ROCKS RUSSIA

Rebuke of the President of the White Russian Soviet Republic, Alexander Chervinskii, above, and wholesale arrests of hundreds of other prominent party members followed a series of treason trials designed to purge the Communist party of discordant factions.

AT THE WEDDING OF SCREEN NOTABLES

Joanette MacDonald, star of screen and musical comedy, became Mrs. Gene Raynor, wife of the blond movie idol in Hollywood, as a crowd of more than 5,000 jammed the streets around the church. They are shown here as they left the church after the wedding. Neither have been married before and both gave their ages as 30. They plan to honeymoon in Hawaii in later.

By the Gleaner

Mrs. H. Love and young son, of Teepee Creek, arrived in Grande Prairie Sunday evening, and while his mother is spending a few days in the Municipal Hospital young Billy is visiting his aunt Mrs. Wm. Bailey and his uncle Mr. Bailey.

Mrs. H. E. Watts and daughter, of Lons, arrived on Friday's train to visit the former's niece, Mrs. Mel Fowler and Miss Jean Bromley and are Mr. and Mrs. Fowler's guests at present. Intending later to spend the rest of their visit with Mrs. Watts' sister, Mrs. E. M. Bromley, at home.

MISS McFARLANE GUEST OF HONOR AT PICNIC

The teachers of Montrose Public School and Grande Prairie High School gave a picnic in honor of Miss Lillian McFarlane on Friday evening at the Three Mile Bridge, where they supped off winners and ate round a blazing camp fire. Then while they satiated in luxurious laziness they sent the guest of honor off on a long hike, busily winding up a half spool of thread, but at the end of the rainbow she found a pot of gold—not a mean at the end of the rainbow was a lovely pot of gold.

ATTEND FIRST OUT-OF-DOORS SOLEMN HIGH MASS IN U. P.

Mrs. Weicker and Mrs. Hall of Sexton were among the outsiders who attended the out-of-doors solemn high mass held on the grounds of St. Joseph's High School on Sunday morning when Father O'Donnell was the celebrant. Father O'Donnell the deacon, and Father Conway the sub-deacon.

Father O'Donnell delivered the sermon on the meaning of the Sacrifice of the Mass.

The choir sang part of the Sixth Tone Mass and part from Leonard's Mass in E flat.

After the service the improvised seats became tables and benches for jolly picnickers under the shade of the trees by St. Joseph's Academy.

Football and tennis kept the young people hot and out of mischief, and the older ones interested and amused. A number of young people ended a perfect day by being entertained down by the auto camp by Professor Ody and his troupe of clever mimes.

Mr. Ody mystified their eyes with conjuring tricks as well as charming their ears—no music, magic and moonlight brought to a close the first public Catholic picnic to be held in Grande Prairie, but not the last all hope.

HOT WEATHER TREATMENT FOR A TIERED SKIN

Give your skin this tonic treatment when you have an hour to spare one evening.

Prepare a mask by shredding one cake of toilet soap into a quart of water and bring to a boil. After a few minutes' boiling strain the liquid through a fine piece of muslin into a bowl. Let it get thoroughly cool and then add the beaten white of one egg—use an egg which, then you can be sure of setting the two thoroughly mixed together. Finally a few drops of oil of lavender give the pack a pleasant perfume.

Now prepare your face, even if your skin is streaky it needs nourishment in hot weather, so clean your face with cleansing cream, massaging it well into every corner, and always using an up from the throat and out to the temples movement. After wiping off the first lot of cleansing cream, repeat process, and remove this, in 10 to 15 minutes.

Now put on a thick layer of the soap and egg mixture and leave it on the skin for ten minutes. Remove with tepid water carefully and thoroughly. Soak a piece of cotton cloth in tepid water and dab this on the face. Let it stay on for about five minutes and then dab face dry.

A TIP
If the dust bag of your vacuum cleaner has small holes in it, patch with black adhesive tape. To clean without troubling to wash the bag, connect half a cup of water into bag and shake vigorously.

REV. AND MRS. S. R. HUNT HONORED AT CRYSTAL CREEK

A farewell tea was given last week at the home of Mrs. M. Clarkson, Crystal Creek, in honor of Rev. and Mrs. S. R. Hunt of Edmonton.

Mr. Hunt was presented with a silver cake basket. Mr. Hunt fittingly replied.

Mr. Hunt and family left Edmonton on Monday, going to St. Croixfield, Alberta, where he will take over his new charge.

Mrs. Jean Luzzon, who underwent an operation at the Grande Prairie Municipal Hospital, was able to leave for home on Friday. It was expected that her little daughter, Ann, who suffered a fracture of a leg seven weeks ago, would be able to leave the hospital on Monday.

Coming Events

July 19—Second day D. C. Agricultural Fair.

WHITBURN PICNIC JULY 16
Friday, July 16, is the day set aside by the Whitburn Community Committee for the holding of the big annual picnic.

Rev. Newman J. Trux, formerly of Hamilton, Ont., and his bride, the former Miss Florence Gaudreault, of Grande Prairie, are shown above shortly after their wedding in Hamilton this June. The wedding took place at the home of the bride's parents, Mr. Trux is a United Church minister and will succeed Rev. W. J. Huston at Wembley.

Paragraphs of Personal Interest

Mr. and Mrs. Peller of Goodwin are spending a few days in Grande Prairie.

Ira McLaughlin and R. Veegan of Bonaville were visitors in the Prairie on Monday.

Alex Williamson of Sturgeon Lake was a business visitor to Grande Prairie on Monday.

Frank McDonald of Dawson Creek spent two days in Grande Prairie this week on business.

Mr. and Mrs. Hilder and family, of the East End, left last week-end on a motor trip to Ontario.

Miss Margaret Colton of the Percy school district spent the week-end with Mrs. A. W. Cameron.

Mr. and Mrs. W. H. Tucker and son, Arthur, and family left last week on a motor trip to Edmonton, Calgary and Banff.

St. Thome of Hythe returned from Edmonton on Friday, where he had an eye operated on at the University Hospital.

Joe Harrington of Sturgeon Heights, one of the oldest settlers east of the Smoky, paid Grande Prairie a visit on Monday, after an absence of some months.

Rev. J. E. Ball of Hythe was a passenger on Friday's train, on route home. He made the trip to Edmonton to have some shrapnel removed from one of his elbows.

Claude O'Keefe, who originally came from the sacred soil in the Pacific, Ontario, but now lives at DeBolt, was a visitor to the Prairie on Friday and Saturday.

Ruth Gingles and Tom Williams of Halcourt were visitors in the Prairie on Friday. While here they paid The Tribune office a visit. They informed the paper that the crops in their district were just fine.

Miss Sarah Minchin, who is training for a nurse at the Vancouver General Hospital, arrived home by motor with Mrs. A. J. McIvor on Friday evening to spend her holidays with her parents, Mr. and Mrs. Dan Minchin.

Rev. Wm. J. Huston of Wembley arrived home on Friday's train from Christian Science.

At all Christian Science churches next Sunday the subject of the Lesson-Sermon will be "God." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven" (Matthew 7:21). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 281): "Heaven is not a locality, but a divine state of Mind in which all the manifestations of Mind are harmonious and immortal, because sin is not there and man is found having the righteousness of his own, but in possession of the mind of the Lord, as the Scripture says."

FOR A GOOD TIME COME TO THE DANCE

"ANTHONY ADVERSE" AT CAPITOL JULY 8, 9, 10

The long-awaited Warner Bros. production of "Anthony Adverse," filmed from Hervey Allen's epic novel, which boasts of 3,000,000 readers, will be at the Capitol Theatre on Thursday, Friday, and Saturday of next week, with Freddie March in the stellar role, and Olivia de Havilland playing opposite him in the feminine lead.

In its panoramic story sweep through five countries and three continents, the magnitude of its 131 sets, the picturesque of its backgrounds, the delicate scale on which it was produced and the vast number of talented players to its cast, "Anthony Adverse" surpasses any picture filmed by Warner Bros., and is said by those who have seen it to be the most pretentious piece of entertainment ever attempted in Hollywood.

The novel, which took Hervey Allen four years to write, was finally shipped into its finished screen form after more than two years of arduous labor on the part of nearly 3,000 technicians, in addition to more than 2,500 players who portray the many characters seen in the film.

The cast is a tremendous one in size and remarkable for the number of leading players, including 98 speaking parts, with 2,550 bit players and extras appearing.

FAUST NEWS

S. S. ENROLLMENT GROWS FAST
FAUST, June 28—Sunday school started here the 15th of this month with Mrs. A. Kenny and Mrs. E. R. Stanley in charge, and with an enrollment of fifteen. The growth was exceptional, for second Sunday the enrollment was 27, and third 35.

School picnic for the children was had Friday and on Saturday night a farewell party was given the teachers, Mr. and Mrs. Stanley. A token of remembrance and well wishing was given them.

Superintendent was here Wednesday in his official capacity. Two of Melrose men are planning to enter the examination for engineer jobs to be held at High Prairie this week.

Win Hase and Mr. Crouger are clearing a home site and building on their lot acquired from W. S. Adams and expect to get settled with their farm home here.

OLDTIMER COMES BACK

W. S. Adams, one of the first settlers at Prairie, returned here to live a week ago Friday from Calgary. More than twenty years of residence in this place makes Faust seem most like home to him. He is past 50 years of age.

Mrs. Bryant's father, Mr. Christian, who came on a visit to train three weeks ago from his home in Minnesota, U.S.A., is returning Wednesday.

FIRE ENDANGERS P. M. HOME
The earthquake that prevails when Mr. J. A. Hilt, postmaster, and wife retired at 10 o'clock Friday night was really broken and peaceful sleep ended at 1 a.m. when their room was flooded with the light of a roaring, crackling fire. Their home was ablaze. Two barrels of rain water at hand saved the day, with but little damage. Origin of the fire is a mystery.

NORTH KLESKUN and MOUNT STAR JOINT PICNIC AND DANCE

Wednesday, July 7, will see these two school districts, Mount Star and North Kleskun, stage a joint picnic on the North Kleskun community grounds. 114, 1000 north of Hwy. 1, followed by a dance in the evening, the newly opened community hall.

The building measures 36x72 feet and should be large enough to accommodate a party of 100. Admission will be 50c for adults, 25c for children. Lunch extra.

Kleskun's orchestra will supply the music and a large attendance is looked forward to.

Unfavorable weather prevailing, the picnic will be postponed to Friday, July 9.

BATTLE RIVER COUNTRY HAS GOOD CROPS COMING UP

J. Franzen returned from a visit to the Battle River country on Monday afternoon.

Mr. Franzen, in conversation with the Tribune reporter, stated that the area referred to has the finest crops he has seen in the Peace River this year. He said the fact that the country received plenty of moisture at the proper time.

CAPITOL
EXCITING FILM FARE IN "DON'T GAMBLE WITH LOVE"

The private life of a pair of gamblers provides the unusual and entertaining theme of "Don't Gamble With Love," the new Columbia comedy drama, which is part of a double feature at the Capitol next Monday, Tuesday and Wednesday, with Ann Southern and Bruce Cabot in the leading roles.

From dusk until the wee sma' hours Cabot and Miss Southern act as host and hostess of their fashionable Club Dover. By day they are devoted parents, adoring each other and their infant. They're rich, and they're happy—until Ann begins to wonder if they're being false to their own. How will their profession, honest though they are, affect his future?

"Don't Gamble With Love" moves swiftly from one provocative situation to another, for the problem presented is that the seductive wife used to bring about a happy ending are both logical and convoluted.

Ann Southern proves herself an expert dramatic actress. Hitherto cast as a light comedienne, she reveals unexpected emotional power during her dramatic scenes in "Don't Gamble With Love."

Bruce Cabot's portrayal of the gambler is clean-cut and convincing. Irving Pichel, in the role of Captain Hall, and Elizabeth Hudson, in performance, excellently.

MUSIC ADDS MUCH TO WESTERN THRILLER

A new balance has been attained in western pictures. Comedy and music have been added in equal importance to the old rule of pure action. That is the illuminating comment made by Director Mark Wright in an interview on the set of "Don't Gamble With Love." Remarkable new Gene Autry romantic action picture, at the Capitol Thursday, Friday and Saturday next week.

"This picture is the first western I have seen, in which the music that is made up of just about one-third action, one-third music, and one-third comedy, has been so well balanced. The great popularity of Gene Autry singing has forced the inclusion of a constantly larger share of music. While all the box office pictures of recent months have had a generous share of music, the picture has not suffered. In my opinion this addition of balance between the three elements has improved the action. Western pictures move with even more speed than before. In the past there was too much of a slow motion to tell an involved story. In the past westerns generally have been hard-boiled, with too much plot, too many complications, whereas as in the direction of such stories as "Don't Gamble With Love," the picture is made more and more certain and sharper entertainment."

"Vivacious Ann Southern plays the role of the charming gambler's wife who attracts Pony Express rider Bruce Cabot. The picture is a story of romance, love, money, and the contributions of a gambler to the world of the future, while four new singing cowboy and Spanish love songs are

At the 19th Hole

Although Sunday last was a perfect day for playing golf, with just enough wind to keep you cool, there was a very small attendance during the day. All members from Saxsmith, Wembley and Beaver Lodge were in attendance and enjoyed the day.

The long dry spell is beginning to tell on the fairways, especially around the greens. Pres. Sanderson is hopeful that he has been playing for a cloud but this last couple of weeks, but has given up all hopes.

Mr. Hall of Saxsmith, who had a battle on hole seven, made a hole in one on Sunday at the same hole. Bill says he has a lot of seven from now on, a lot of safe bet.

Mr. Stevenson went out for a round with Geo. Dunlop and a week ago made a hole in one. He was playing well, but failed to click. His best card being a 41. Dunlop has a wonderful chance to make a record, with 23 at the end of the sixth getting two nice birdies at two and five, but ruined his chances on the last three holes, winding up with a 42.

A. Cooper, of Edmonton, a low handicapper, made one of the courses there, but has not been playing much. This season, played a few rounds on Sunday, and figures that he will be able to return a record for the course. His first round was a 43. His second round was not bettered, adding three strokes to his first attempt. He has challenged "Bandy" to a match in the near future.

"Clay" Butcher had a good card in the making while playing with C. Cady, Jim Evans and J. Pickard. He stroked his way to the end of the 19th for a thirty, but ended up with a 43.

TWO RIVERS

TWO RIVERS, June 28.—The ice social at Mr. McNair's last Saturday was a great success, and it is hoped a few more of them will be held in the near future. Softball and basketball were played and enjoyed by all. Light refreshments were served, and after all were filled up with ice cream, we returned to the house for community singing, with Mrs. McNair at the piano.

The meeting of the C. C. P. club was not as well attended, but those present had a very interesting discussion on part of the platform. It was decided to hold the next meeting the last Saturday in July. All numbers are earnestly asked to attend.

The new telephone line is in operation. It is reported that a good flow of water was struck on the farm of Jim Dixon. No more water-hauling now.

It is also reported that Mr. Henry Rice is going to drill an oil well. He is also reported that Mr. Henry Rice is looking a little better since we have had a few showers, but he still needs some more.

I would like to congratulate Mr. Walter Richards of Seaside Heights on his leaving the ranks of the single for those of wedded state.

The crops are looking a little better, but the high and dry on the top of the hills is a little more of a worry. No bones were broken, though he reported a hole in his cheek and the skin of his hand.

The Northern Tribune

Wembley, Alta., June 28, 1937

In view of the fact that the Parks Board have erected a campers store at the end of the park for the benefit of tourists and pleasure seekers, the Local Advisory Committee of the Parks Board is trying to do something for the benefit of the public and the fact that this store is for public use and would therefore be a help to the public in making their trip to the island park for any purpose, but to use the store which was erected for their own convenience.

The Committee is particularly desirous that this recommendation be adopted and we know that the public is appreciative of what the Government is trying to do to develop this resort for the benefit of boys and girls and their parents in this district. We would also like to see the store open to the public to the fact that no trees are to be cut down or damaged in any way.

The Parks Board now having made half a dozen tables and seats for the benefit of picnickers and we would like the public to refrain from carrying their name or in any way damaging the articles.

There may be other improvements and suggestions that the public might have for improvements on the grounds, the Advisory Committee, or any member thereof, will be very pleased to have them brought to their attention.
